

CHANGE OF CABINET

Mr. Cleveland Makes Two Important Appointments.

ONE OF THEM A SURPRISE.

Richard J. Olney Transferred From the Attorney Generalship to the State Portfolio, and Judge Judson Harmon of Cincinnati Named For Attorney General. An Unsought Appointment.

WASHINGTON, June 8.—The president late yesterday afternoon announced the following cabinet appointments:

For secretary of state—Richard J. Olney of Massachusetts.

For attorney general—Judge Judson Harmon of Cincinnati.

The announcement of the transfer of Attorney General Olney to the head of the state department created no surprise here as it has been well understood for several days that Mr. Olney would succeed to the first place in the cabinet, made vacant by the death of Secretary Gresham.

The president at one time contemplated other changes in his cabinet and a rearrangement of several portfolios, and in this connection consideration was given to the transfer of Secretary Smith to the department of justice, but this and other transfers were finally abandoned, and the president concluded that the simplest plan would be merely to fill the vacancy caused by Mr. Olney's promotion.

The appointment of Judge Judson Harmon of Cincinnati as attorney general came in the nature of a surprise. His name had not even been canvassed as among the probabilities. There is the best of authority for the statement that the president had several men under consideration, and the portfolio of justice might have been had by Mr. James C. Carter of New York, who was counsel for the government in the Bering sea tribunal and the income tax cases, and by Mr. Frederick B. Couderc of New York, had they been disposed to accept it.

Secretary Carlisle knew Judge Harmon personally, and both admired and respected his ability. It was he probably who first presented his name to Mr. Cleveland. Ex-Governor Campbell of Ohio, a close friend of Judge Harmon, also warmly supported him, and the president secured also from ex-Governor Hoadley of Ohio, who is now living in New York, and whose law partner Harmon was, most favorable reports as to his ability and standing. After canvassing the situation thoroughly, the president offered the portfolio of justice to Judge Harmon by wire yesterday afternoon, and immediately upon receiving a favorable reply, announced the appointments.

Mr. Harmon has been for a long time judge of the common pleas court, and is a man of about 50 years of age, one of the most conspicuous lawyers in the west, and upon the retirement of ex-Governor Hoadley from his Cincinnati firm upon his removal to New York, Mr. Harmon took his place at the head of the firm of Harmon, Colston, Goldsmith & Hoadley, the last named being a son of ex-Governor Hoadley of Ohio.

TALK WITH JUDGE HARMON.

He Was Completely Surprised When Informed of His Appointment.

COLEMBUS, O., June 8.—Judge Harmon, the new attorney general, arrived in the city last night with ex-Governor Foraker and Judge Warrington of Cincinnati, for the purpose of securing, if possible, from the auditor of state a modification of the Rawlings law taxing beer \$3.50 a barrel in order to permit Cincinnati brewers to compete outside the state.

Judge Harmon said the first intimation of his appointment was received from the Associated Press. "If anyone had told me yesterday," he said, "that I was to be appointed to a cabinet position, I would have thought he was raving through his hat." The last time I saw President Cleveland was in Columbus at the time of the Thurman banquet six years ago. This morning I received a letter from Mr. Cleveland asking me if I would accept the position of attorney general. As I did not want to reply without consulting my law partner, Judge Colston, who is in New York, I immediately telegraphed him, and securing his consent at 2 o'clock, telegraphed President Cleveland that I would accept. I have not received any official notification of my appointment.

When Judge Warrington, who was present when the Associated Press representative called on Judge Harmon at the Hotel Chittenden, remarked that Judge Harmon would leave one of the most lucrative law practices in the state, the latter remarked that the position of attorney general was one that would tempt anyone who loved his practice. Judge Harmon will probably leave for Washington next Monday.

PENNING UP IN A CAVE.

Dick Yeager and His Gang of Outlaws Will Soon Be Captured.

SOUTH END, O. T., June 8.—John A. Robinson, a mail carrier from the west, reports that in the Glass mountains the sheriff of Woodward county and a posse have the famous outlaw, Dick Yeager, and his followers penned up in a cave. The officers have killed four of Yeager's horses and one of his companions.

The posse has also captured two women who were with the gang, one of whom is the woman who Yeager some time ago stole from her husband. The officers claim that the outlaws have metal boots. Robinson says there is no doubt of the ultimate capture of the outlaws.

SENATOR BRICE BUYS A RAILROAD.

The Pittsburg, Akron and Western Changes Hands.

AKRON, O., June 8.—Senator Calvin S. Brice was in Akron yesterday and consummated a deal by which he becomes the owner of the Pittsburg, Akron and Western railroad. The purchase price is \$800,000. Last October a mortgage of nearly a million dollars, held by the Central Trust company of New York, was foreclosed, and Master Commissioner Sheriff William Williams sold the property at auction to F. A. Baker of New York. At a conference of interested parties held here yesterday, the bid was transferred to Senator Brice, and he secured the property.

To the Associated Press representative, the purchaser said the line would be at once put in good shape and used as an eastern outlet for the Lake Erie and Western, Fort Wayne and Western, Cincinnati, Hamilton and Dayton, Cleveland, Loraine and Wheeling, and other western lines in which he is heavily interested. It is also likely that connection for St. Louis will be made with the Clover Leaf system.

D. P. Reighard of Pittsburg, owner of the Akron and New Castle and the Akron transfer railroad, was at the conference. Regarding his presence Senator Brice said that it is possible that connections will be made with Mr. Reighard's lines by the Pittsburg, Akron and Western. The Akron and New Castle is to be completed as far as the latter city at least this season.

INSPECTOR McLAUGHLIN GUILTY.

A New Trial Asked and Sixty-Six Exceptions Taken to the Judge's Charge.

NEW YORK, June 8.—The case of Police Inspector McLaughlin on trial before Justice Barrett, charged with extortion, was given to the jury at 11:50 last night. During the evening session of the court District Attorney Fenows summed up for the prosecution and Justice Barrett charged the jury. The defense took 66 exceptions to the judge's charge.

The jury returned a verdict of guilty of extortion. Colonel James, the defendant's attorney, moved for a new trial and also for arrest of judgment. The hearing of this motion was fixed for Monday, June 17, at 10 o'clock. Colonel James also requested that the commitment be made to Ludlow Street jail instead of the Tombs prison. Justice Barrett refused this motion.

The charge against McLaughlin was the extortion of money from Francis W. Seagrist, a builder, who wished to violate a city ordinance by constructing sidewalks in front of buildings in course of construction. Seagrist, in his testimony, said that he had paid for protection.

Will Push His Claim.

WILMINGTON, Del., June 8.—In response to a question by a representative of the Associated Press Colonel Henry A. Dupont said: "I was surprised to hear that a report was current in the lower part of the state that I did not intend to claim a seat in the United States senate. This report is without foundation. I propose at the proper time and in the proper place to have an adjudication made not only of my claim, but of the right of the people of this state to be fully represented in the United States senate."

Ex-President Harrison's Pictures.

NEW YORK, June 8.—It has become known that ex-President Harrison gave sittings for his portrait to two different artists during his stay in this city. Besides posing for Eastman Johnson, he also "sat" for Charles Ayer Whipple, whose studio is in the Sherwood building. The picture when finished, is to grace the ex-president's Indianapolis home. The picture represents Mr. Harrison in the act of delivering his recent speech at Carnegie Music Hall.

Central American Republics.

NEW YORK, June 8.—Dr. Horace Guzman, the Nicaraguan minister, in an interview said that he considered the plan of a federation between the five Central American republics perfectly feasible. "The republics," he said, "could be somewhat similar to the states in this country and have governments. I do not think any of the republics would care to lose its autonomy and there would be no necessity for it."

The Ship Was Not Wrecked.

SAN FRANCISCO, June 8.—The Johnson-Locke Mercantile company, consignees of the Washenaw, from New York for San Francisco, laden with steel rails for the San Joaquin Valley railroad, state that a cablegram has been received from Captain Holmes of the Washenaw announcing her safe arrival at Coronel, Chili. The Washenaw had been reported wrecked in the Straits of Magellan.

Brush Act Constitutional.

BROOKLYN, June 8.—The constitutionality of the Brush act, exempting honorably discharged veterans from competitive examinations for any positions in the city or state departments, the salary of which does not exceed \$4 a day, was sustained yesterday by Judge Gaynor in the supreme court.

Pistol Duel on Horseback.

CRAWFORD, Neb., June 8.—J. A. Jones and Thomas Barnes, brothers-in-law and prominent cattlemen, engaged in a pistol duel on horseback near here yesterday. Jones' horse was shot from under him. He continued the battle afoot and was soon killed. It was the result of an old feud.

BUSINESS BAROMETER

R. G. Dun & Company's Review of Trade.

TIDE OF BUSINESS IS RISING.

The Demand For Consumption Steadily Increases as the Employment and Wages of the People Increase—Crop Prospects Increasing—Slight Advance in Wheat. Big Demand For Iron at Increased Prices.

NEW YORK, June 8.—R. G. Dun & Company's weekly review of trade says: The tide of business is rising, even as it was falling just two years ago with surprising rapidity. The gain has gone so far and so fast in some branches that the more conservative fear it may not be maintained. But the period of dullness which comes in each market after an unusual rise brings as yet nothing like a corresponding decline. Industries gain much, halt or fall back a little and then gain once more. The demand for consumption steadily increases as the employment and wages of the people increase.

Demand for money expands, one bank reporting 29 per cent larger in the discounts for the country and another 23 per cent more commercial loans than a year ago, and all but two report some gain. The serious question remains whether the crop will be full enough to sustain a large business. But the worst reports are better by far than the estimates recently current.

Wheat rose 2 cents fell back 2 with realizing and has again risen 3 with a western estimate of a crop 80,000,000 bushels smaller than last year. It is pertinent to remember that official and most unofficial reports down to a late period last fall put the yield about 80,000,000 bushels lower than it is now known to have been. Western receipts 264,000 more than last year and in five weeks have been 7,651,031 bushels against 6,381,650 last year, while Atlantic exports, flour included, 670,000 bushels smaller for the week, have been in five weeks 7,738,728 bushels against 11,945,478 last year. There is neither holding back by farmers nor anxious haste in purchasing by foreigners to support belief in scarcity.

Cotton declined an eighth with better weather at the south, but excitement and prices rose again with the report of only 11.9 per cent decrease in acreage. Much greater decrease has been called certain, but condition is reported less favorable than last year. With a tenth smaller yield per acre and average 11.6 per cent less than last year the yield would still exceed 7,000,000 bales, which, with heavy stocks carried over, would forbid the idea of a famine. But a late crop is the most exposed to injury. June began with 9,533,333 bales already in sight and 3,301,359 American remaining in commercial stocks, while European spinners held May 1 over a million bales, according to Elliston.

Iron pushes upward like the great buildings into which so much of it goes, and the advance in finished products has become general. Of structural steel 12,600 tons were turned out in May by the Homestead works, breaking the record, and prices rise to 1.3 cents for beams and 1.2 for angles. The Eastern Bar association has raised the price of rolled iron to 1.1 cents, and the Amalgamated association demands of Pittsburg and western manufacturers a change of wages with 1.1 cents as the basis.

Coke producers are said to have substantially agreed upon sales by an agency and all allotment output and an advance in price to \$1.50 or higher. Chicago works are in full operation, though the demand from agricultural implement makers lags because the coming harvest is in doubt.

Tin is weaker with a rise in the world's visible supply to 23,671 tons, about five months' consumption, but copper is stronger at 10 3/4 for lake, and lead higher at 3.3 cents.

Fallures for the week have been 125 for the United States, against 218 last year, and 25 in Canada, against 40 last year.

INJURED BY LIGHTNING.

A Farmer Suffering From a Severe Electric Shock.

CAREY, O., June 8.—During the storm of Tuesday night, George Passett, a farmer residing eight miles south of here, was sitting on his front porch reading when he was suddenly started by a flash, and a bolt of electricity passed through his foot, tearing his shoe off and burning the flesh very badly. The current also passed through his body, placing him in a very serious condition, and from his body to the earth, tearing a hole in the ground two feet in diameter.

A current also passed through the house, very badly shattering it and shocking the inmates into insensibility. Mr. Passett was picked up unconscious and for several hours it was thought he would die, but he finally showed signs of returning life. He will probably recover.

The imperial communication was in the Chinese language handsomely encased in royal yellow silk.

THE COLIMA.

An Official Inquiry Being Made of San Francisco.

SAN FRANCISCO, June 8.—The United States inspectors of lands and mines commenced an official examination on the Colima disaster yesterday. A. K. Richardson, storekeeper of the wrecked steamer, told the story of the storm of the sinking of the ship and of the rescue of the survivors by the San Juan. His testimony developed no new details.

Third Officer Hansen was the next witness, stating that when the steamer left Manzanillo on May 26, the weather was fair, with a heavy southwest swell. He said that he had superintended the stowing of the cargo, that the work had been well done, and that the cargo had not been shifted. If the Colima had not been a good boat, he thought she would not have weathered the storm as long as she did. He heard no explosion. He was in charge of the bridge when the steamer went down. He believed the wreck was due entirely to the violence of the storm. On the morning of the 27th she fell off into the trough of the sea and listed to starboard. Three heavy seas broke over her, and after the third she listed over on her beam ends with her masts in the water, sinking five minutes later, before lifeboats could be launched.

Had Letters For Prominent People.

EDINBURG, June 8.—The little town of Ballater, near Balmoral, where the queen is stopping, was startled late yesterday evening by the reckless firing of a revolver in the streets. The young man who fired the pistol was arrested and it was found that he had in his possession a paper addressed to the queen whom he intended to visit. The prisoner also had a letter addressed to Mr. Gladstone and another addressed to Mr. Vanderbilt, whose daughter, he said, he desired to marry. A doctor who examined the young man expressed the opinion that he was insane.

The cost increase of the force will be \$157,000 annually.

General Harrison Starts For Home.

The president says he will return east in August when, along with his daughter, Mrs. Atcher, and her two children he will go to the Adirondacks for the balance of the summer. According to Mr. Warrington, one of General Harrison's intimates, to politicians or men interested in the matter.

The Kite is to start about the middle of next month.

Arriving when they did, they broke all American records for a relay race.

LAYING FOR RECRUITS

Filibustering Expeditions Will Not Have Clear Sailing.

A STARTLING DISCOVERY MADE.

A Spanish Gunboat Cruising Off the Florida and South Georgia Coast—Quesada Gathering Up Hides in Florida—General Campos Does Not Want Any Personal Aid. Spanish Reports of Another Battle.

FERNANDINA, Fla., June 8.—Captain Lassere of the pilot boat Francis Elizabeth has just arrived and reports sighting Thursday afternoon a Spanish gunboat cruising about six miles off the shore. The gunboat was steaming rapidly from the south. The captain of the pilot boat concluded she wanted a pilot, and made toward her, but when the gunboat observed this she changed her course. Considerable excitement was created here by the captain's story, as it was not before believed that Spain considered Florida and South Georgia coast of sufficient importance in respect to filibusters to be patrolled by a gunboat.

Captain Johnson of the steamer Green Leaf, from New York, arrived here yesterday and substantiated the story told by Captain Lassere. Captain Johnson says that when he crossed the bar at 8 o'clock yesterday morning the gunboat was cruising slowly four miles off the bar, apparently on the lookout. The gunboat answers the description of the Palos.

The secret Cuban council finished for the present its business yesterday and departed. None of the party would deny or affirm the report that they were awaiting the arrival of Jose Marti, who is said to be en route here now.

QUESADA IN FLORIDA.

He Asks For 1,000 Rifles Within the Next Month.

JACKSONVILLE, Fla., June 8.—Gonzalo Quesada, secretary of the Cuban party, returned here yesterday from Fernandina. When questioned about the report that he was planning for a filibustering expedition from somewhere on the Florida coast, laughed, and replied that he thought it would be better not to say too much for publication. A Cuban, who is closely connected with him in the work, said that the expedition would not start for several weeks.

Quesada addressed the Cuban cigar-makers at the El Moreto factory yesterday. Among other things, he said he wanted 1,000 rifles within the next month. He asked the cigar-makers at the factory to furnish 100 of them, which they agreed to do. He aroused great enthusiasm. Carlos M. Cespedes also spoke. Colonel Collazo and his son then returned to Tampa, and Quesada and Cespedes followed them last night.

DIRECT FROM HAVANA.

General Campos Says He Does Not Need a Lieutenant General to Help Him.

HAVANA, June 8.—General Martinez de Campos has telegraphed the government at Madrid, stating that he does not need at the present time a lieutenant general to help him. The building was stoutly defended by an officer and 25 men. After fierce fighting the garrison made a sortie, and charged on the rebels, who were defeated by the government forces at the point of bayonets. Four of the rebels were killed, while a number were wounded. Four Spanish soldiers were also killed and only a small number wounded.

FORMOSA BECOMING QUIET.

The Natives Submitting to the Rule of the Japanese.

HONG-KONG, June 8.—Advices from Formosa indicate that the chaos is rapidly giving way to order now that the Japanese troops have reached Taipei and established headquarters at that point. The German gunboat Itis replied to the bombardment from the fortifications on the Formosa shore, and the native gunners deserted their positions. The forts were quickly silenced. According to all reports 13 natives were killed by the cannonade of the Itis.

Cloudy weather, warmer; east winds.

In 81 years, up to 1872, we coined something over eight millions of silver dollars. In the 22 years since then we have coined over 400 million silver dollars. The so-called demonetization and assassination has had the same effect on silver dollars that cat fights have on cats.—Louisville Commercial.

The free silver, anti-gold fanatics all talk about the act of 1873 as a "great crime," but silver has been faring much better since then than it ever did previous to that time.

Eight thousand persons were invited to a reception tendered McKinley in Brooklyn, last Thursday evening, and out of the number between 400 and 500 responded. Such receptions as this and the knock-out Mr. Foraker dealt Mr. McKinley in Ohio are calculated to put a damper on the latter's Presidential aspirations. It would be better for Ohio's Governor and for his State if he would stay at home and attend to business.

Hon. R. K. HART, of Fleming County, has about made up his mind to become a candidate for the nomination for Lieutenant-Governor. While he met with defeat in the Congressional race last fall in this district, yet he made one of the best fights ever fought in the district, and polled the largest Democratic vote, probably, ever cast in the Ninth. If he enters the race for Lieutenant-Governor, there is no question that he will cut a big figure in the contest.

Here's a choice morsel prepared by the Louisville Times for the silverites to exercise their wits on:

Romero, the Mexican Minister at Washington, has written a paper on free coinage in his country. In it he says that silver is the only money and that they have plenty of it and that business is getting on very well; but he admits that free coinage has destroyed Mexico's foreign trade and has operated as a prohibitive tariff. Mexico has to live within herself. That is something the United States can not do. This country must sell cotton and other products abroad. Shall we sell for gold or silver?

The Baltimore Sun says the trouble with ex-Congressman Bland, of Missouri, in his speech at Denver, Col., May 11th, advocating free coinage at the ratio 16 to 1, is that he ignores the altered price of silver since that ratio was adopted. Most absurd is his blaming certain public men for opposing free coinage now, though they voted for it in 1878. "The free-coinage bill of 1878, which was vetoed by President Hayes, was voted for," he says, "by Mr. Carlisle, of Kentucky, now Secretary of the Treasury; Mr. Foster, of Ohio, who was Secretary of the Treasury in Mr. Harrison's administration; Mr. Herbert, now Secretary of the Navy; Mr. McKinley, now Governor of Ohio; Mr. Mills, of Texas, now Senator from that State, and Mr. Morrison, of Illinois, now Interstate Commerce Commissioner," and he proceeds to blame these gentlemen for inconsistency in opposing free coinage now. But Mr. Bland omits to mention the fact that in 1878 silver averaged a price per ounce of \$1.15, while during 1894 the average price was but 63 cents per ounce. The market ratio of silver to gold in 1878 was 17.94 to 1, as against 32.56 to 1 in 1894. Belief in free coinage at the old ratio might well have seemed rational in 1878 to men who think it irrational now.

THE BOYD-GILBERT NUPTIALS.

A Former Citizen of Maysville Weds One of Nashville's Lovely Daughters.

[Nashville American, June 6.]
 Mr. Clarence T. Boyd, of Chattanooga, was married to Miss Louise Tyler Gilbert, of this city, yesterday afternoon at 5:30 o'clock at the First Baptist Church of this city. Promptly at that hour the bridal party entered the church, the bride being attired in a handsome gown of figured pink Dresden silk, with a white gauze hat. She was accompanied by her maid of honor, Miss Louise McClure, who was beautifully gowned in blue, with hat to match. The bride carried a large bouquet of sweet peas and her maid of honor a large bouquet of La France roses. The groom wore a black cutaway suit and was accompanied by his best man, Mr. Oscar T. Peeples, of Chattanooga, they entering from the High street entrance, while the bride came from the Broad street entrance. The ushers, Dr. J. H. Atlee, of Chattanooga, and Messrs. E. C. Pyle, Sikes Gilbert and Buford Duke, of this city, preceded the bridal party down the aisle, the beautiful strains of the wedding march being rendered by Mrs. Blonder. The ceremony was performed by Rev. J. M. Frost, who awaited them at the altar, which was beautifully decorated with palms and La France roses, the church in its decorations presenting a most charming appearance.

After the ceremony the bridal party repaired to the residence of the bride's father in Vauxhall Place, where a reception was tendered Mr. and Mrs. Boyd. Among those present at the reception in addition to the bridal party were Mr. and Mrs. Edgar Dobyns, of Covington, Ky.; Mrs. A. Tyler, of Louisville; Misses Atlee and Riggs, of Chattanooga; Miss Bond, of Brownsville; Mr. and Mrs. C. B. Means, Misses Burney, Means, Duke, Porter and Johnson. An elegant supper was served, and in the cutting of the wedding cake the ring fell to the lot of Miss Riggs, of Chattanooga, while the bridal bouquet was bestowed upon Miss Atlee, of Chattanooga.

There were many handsome and costly presents from all parts of the country, attesting the popularity of the young couple. During the reception numerous congratulatory telegrams were received from friends unable to be present.

The bride and groom left on the eight o'clock train for Cincinnati, where they will spend several days, and from thence they go to Maysville, Ky., the former home of the groom. They will locate in Chattanooga after their return from their bridal tour.

Mr. Boyd and bride arrived last night and will spend two or three weeks here with his mother, Mrs. Alice Boyd, of West Front street, and other relatives.

COUNTED IN.

It Is Charged That R. C. Burns Was Tricked Out of the G. O. P. Nomination For Attorney General.

LOUISVILLE, Ky., June 7.—It leaked out to-day that W. S. Taylor, of Butler County, who was nominated for Attorney General, was counted in.

He was Boss Bradley's candidate.

R. C. Burns, of Boyd, the defeated candidate, and his friends do not hesitate to say this was done, whether through accident or by fraud. Mr. Burns was seen this morning, but refused to say anything further than that he did not intend to raise a disturbance about the matter.

Some of his friends are very sore about it.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

RUNNING RACES AND FAIR.

The First Will Be Held July 4th, 5th, 6th, and Then Comes the Blue Ribbon Fair.

It is definitely settled that there will be a series of running races at the Maysville fair grounds on July 4th, 5th and 6th.

All the necessary arrangements are being perfected, and some interesting and lively sport is anticipated.

The association has received assurances that there will be plenty of running horses on hand to contest for the purses. There will be runners here from Latonia, Lexington, Louisville and elsewhere, and three days of good racing may be counted on.

It has also been settled that the Maysville fair and trotting races will occur on August 21st, 22nd, 23d and 24th. The Blue Ribbon Fair has always attracted large crowds, and a good attendance is anticipated at the coming meeting. The management will spare no pains to make the fair a success in every respect.

LOOK OUT FOR HIM.

A Frandulent Knight of Pythias Working a Raised Check Racket.

A special from Chillicothe, under date of June 5th, says:

"A well-dressed stranger, giving the name of Sam Cotterell, a prominent K. of P. man from Baltimore, Md., walked into William McNeillis' stove store yesterday afternoon and, after introducing himself, produced credentials alleging he was traveling for his health on the invalid benefit list of the K. of P. He then produced a sick-benefit order for \$8, which McNeillis indorsed. A half-hour later McNeillis learned the order had been raised to \$80 and had been cashed by the bank. The man is still at large."

Death of Rev. D. H. Marrimon

Rev. D. H. Marrimon died a few days ago at Petersburg, Boone County. He was formerly pastor of the M. E. Church, South, on Lawrence Creek, and was universally liked. MADE IT TWO STRAIGHT.
Maysville's Ball Players Still Winning—Friday's Game—Miller Released—Short Stops

The Maysvilles won another victory yesterday from the Browns of Hamilton, O.

Reynolds, whom some of the Browns regard as their star twirler, was knocked out of the box in the sixth inning, and Willie Wellner had to finish the game for them. Reynolds' eyesight is poor, or else he is not much on throwing at times. He seemed unable to get the ball over the plate, and when he did the home players generally sent it to the field. As a pitcher Reynolds is not in it with Wellner.

Miller started to pitch for Maysville, but he proved an easy mark for the Browns, and they touched him up for fourteen hits in six innings. When Wellner succeeded Reynolds, Rieman was put in Miller's place. There's no discounting Rieman's pitching. In his three innings yesterday he let the Browns down with one hit, and struck out four men. Maysville got but two hits off Wellner yesterday. He struck out three men.

The Maysvilles went to the front right at the start and were never overtaken. In the fifth, some hits that fell in safe territory, and some loose playing by the home boys, enabled the Browns to score five runs, but that was about the only inning they succeeded in doing anything.

The features of the game were the home runs by McGann and Tenley, Cox's running catch of a high foul fly, and Rieman's sensational base running. The latter had reached third. He played way off, and finally drew a throw from the catcher. Instead of trying to get back to third he broke for home, and scored amid the cheers of the crowd. Little Ray Tenley's homer was one of the longest hits yet made on the grounds.

HIGHLY CREDITABLE.
Is The Clay Modeling and Drawing Done by the Pupils of Our Public Schools.

The display of the work of the pupils of Maysville's public schools, in drawing, clay modeling &c., is a highly creditable one, to scholars and teachers.

The work has been on exhibition at the Public Library this week, and all who have seen it have had nothing but words of praise for it.

The display is so large and there are so many pupils represented that we have not the space for details. All who are interested in our public schools should take advantage of the opportunity to see what teachers and pupils have done in this line of work the past session.

To-day is the last day the work will be on exhibition at the Public Library.

ROBERT G. PATRICK.

THERE was a "Pentecost" of power manifested in the services at the M. E. Church, South, yesterday. At the morning service Christians wept and prayed, and promised to consecrate themselves anew to God. At the night service the audience seemed spell-bound by the awe-inspiring solemnity. Those who remained for the after service could find no better expression of the impressions of the service than the language of Jacob at Bethel. "How dreadful is this place! this is none other but the home of God, and this is the gate of Heaven." The service to-night will be held at "Mitchell Chapel," East Maysville. To-morrow the services will be, Sunday school at 9:15 a. m. Preaching and administration of the "Lord's Supper," by Rev. D. W. Robertson, Presiding Elder, at 10:30 a. m., "Love Feast," at 3 p. m. WEDDED NEAR BETHEL.

R. T. Kirkland, Formerly of Helena, And Miss Allie Peters, of Bath County, Married.

Near Bethel, Bath County, on Wednesday, June 5th, at the home of the bride's parents the holy rites of matrimony were solemnized between R. T. Kirkland and Miss Allie Peters, Rev. J. R. Peoples, pastor of the M. E. Church, South, at Bethel officiating. The wedding though quiet was a very pleasant affair.

The party left for a short trip East, and on their return will take rooms at Mr. and Mrs. R. M. Harrison's pleasant home at Bethel.

Mr. Kirkland was born and spent his boyhood days in Mason County where the writer, in reviewing his past life, often thinks that the sun shines brighter than on any other spot on earth. At the age of fourteen years Rolla, as his many friends better know him, sought employment with Harrison Bros., who were then doing a thrifty business at Helena, but who in 1880 wishing to enlarge and increase their trade, moved their business to Bethel where they are now looked upon as the leading merchants of that section of the country. Rolla's pleasant manners, integrity, industry and untiring efforts to please his customers as well as his employers have won him the confidence and esteem of all who know him.

The bride is the only daughter of Mr. W. R. Peters, one of the most prominent and respected farmers of Bath County, and is a beautiful and accomplished young lady.

Something Wrong Somewhere

—a dozen symptoms tell you so. Disordered stomach, unstrung nerves and loss of appetite; a feeling of indifference for the world and everybody in it, including yourself; eruptions that try to force the "badness" out through the skin all tell their tale.

It's Your Blood

that's raising all this disturbance. You'd turn away in disgust from a polluted stream of water, but you'll let your blood—the food of your vital organs—remain in just this condition. Don't do it; take

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
